# THE COLEBROOKDALE LOCAL

Volume 36, Number 3

Spring, 2011

Shown above are NS 1001 and 1000 - two of the 25 new EMD SD70ACE's ordered for this year. The 4300hp units feature dynamic braking, single controls, cab signals, LSL, air conditioning, and 4900 gallon fuel tanks. They are also set up for Distributed Power operation and for Positive Train Control operation. The new units will be numbered 1000 to 1024. (photo: Geoffrey Williams)

There will be NO REGULAR MEETING FOR MAY. Instead, all are invited to attend PicnicRail on May 28th (flyer enclosed). We may have a short/informal meeting that day. Our next meeting will be on June 23 - the program will feature the Ma & Pa Photo Journal.
